**OBJECTION TO RELEASE OF DIRECTORY INFORMATION**

Federal law provides for the release of student information, known as directory information, under certain circumstances unless a student files a written objection. If you wish to file such an objection, please complete this form and sign it at the bottom where indicated. Your signature indicates that you understand that, even if you file a written objection, the school may in certain circumstances be legally required to provide student information to third parties. For example, if the school received a court order or subpoena to produce your student records, the school would be legally obligated to respond.

Wiregrass Georgia Technical College defines directory information as follows:

- Degrees and awards including nature and date received

- Enrollment status (i.e. full or part-time, undergraduate, graduate)

I **do not** want Wiregrass Georgia Technical College to release to third parties, including potential employers, the directory information contained in my student record.
