## MISSION

The mission of Wiregrass Georgia Technical College, a unit of the Technical College System of Georgia, is to promote community, educational, and economic development by providing a trained workforce in our 11-county service area and throughout the State of Georgia. The college fulfills the mission by supporting student success and providing technical and academic instruction, through traditional and distance education delivery methods, leading to associate degrees, diplomas, and technical certificates of credit; customized training for new and existing industries; professional and personal development through continuing education programs; and adult education services to meet the needs of citizens, business, and industry in the service area.

## HISTORY

On September 4, 2008, the State Board of Technical and Adult Education approved the merger of East Central Technical College (ECTC) and Valdosta Technical College (VTC), to be effective July 1, 2010. Exactly one year after the merger was announced, the local board, with input from stakeholders, decided on a new name for the merged institution—Wiregrass Georgia Technical College.

Wiregrass Georgia Technical College has four campuses: Ben Hill-Irwin Campus, Coffee County Campus, Cook County Workforce Development Center, and the Valdosta Campus as well as multiple off-campus instructional sites. The college provides adult education services in each of the 11 counties in the service area, which includes Atkinson, Ben Hill, Berrien, Brooks, Coffee, Cook, Echols, Irwin, Lanier, Lowndes, and Wilcox counties.

Individually, ECTC and VTC have long, meaningful histories. The historical backgrounds of the two technical colleges reflect the impact of the colleges on their respective communities and emphasizes the importance of training and educational opportunities to the citizens of the Georgia Wiregrass Region.

## WIREGRASS GEORGIA TECHNICAL COLLEGE SEAL

The new Wiregrass Georgia Technical College Seal was designed by Partners Marketing Group and approved by a committee of faculty and staff and the Board of Directors in January 2010. The blades of grass in the new college logo represent the merging of the two colleges. The founding date of our now combined colleges is represented by 1963. The academic seal is used on our transcript, diplomas, degrees and technical certificates as well as other official documents.

**Due to program deadlines and the inability to remove a name at the last moment, students listed are candidates for graduation. A list showing official graduates is maintained in the Office of the Registrar.**
